

TEAM SERIES COMPETITION FREESTYLE

A competition Freestyle board with optimised and high performance design features for zero compromise. Compatible with both: the North Boot and the NTT.

ART.NR

> 44700-3422

PERFORMANCE FEATURES

- > Explosive pop due to Premium Performance Construction
- > Minimum reverse Flex ensures absolute control on landings
- > Deep channels give maximum grip
- > Light weight wood core

TECH DETAILS

- > Hard Flex
- > Step Double Concave with Trailerfin
- > Premium Performance Construction
- > North Boot recommended

The Team Series is a competition Freestyle board with optimised, high performance design features for zero compromise. Although compatible with both the North Boot and the NTT, the main focus of the Teams Series is on boots. Its explosive pop comes from the robust Premium Performance Construction, whilst the deep channels give maximum grip. Its predictable nature with a new rounder outline creates a strong bond between you and the board, giving you the courage to train even harder and to go bigger than ever before. Up-and-coming champions hungry for Freestyle success and world titles, you've found the board for you!

TEAM SERIES HADLOW COMPETITION WAKESTYLE / FREESTYLE

A competition board with zero compromise specifically designed to outshine the rest, and perform well on obstacles as well. To be ridden with the North Boot.

ART.NR

> 44700-3423

PERFORMANCE FEATURES

- > Explosive pop due to robust Premium Performance Construction
 - > Minimum reverse Flex ensures absolute control on landings
 - > Deep channels give maximum grip
 - > Slick Base for obstacles

TECH DETAILS

- > Hard Flex
- > Step Double Concave Slick Base
- > Premium Performance Construction
 - > North Boot recommended

The TS Hadlow is a board committed to the most hardcore Freestyle/Wakestyle riders in the world. This board is especially developed with and for Aaron Hadlow and he's using and abusing a production board on a daily basis, this board can take a lot. The design seamlessly bridges the gap between the Gambler and the Team Series. With sharp and responsive pop, its speed creates a solid foundation for Wakestyle tricks, whilst the Double Concave softens even the hardest of landings. Want to hit a slider? No problem, the Slick Base makes it exceptionally durable, the grip stays even without fins. Have confidence that the TS Hadlow will take you to great heights, even open doors to new ways of riding.

GAMBLER

WAKESTYLE / PARK RIDING

A next generation board specifically designed for pure Wakestyle and Park Riding. To be ridden with the North Boot.

ART.NR

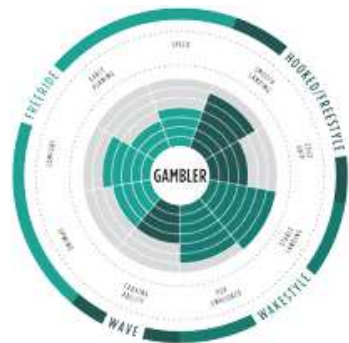

> 44700-3424

PERFORMANCE FEATURES

- > Huge rocker for optimum landing control
- > Deep channels to ensure high performance when riding without fins
- > Very robust and durable further enhanced by Slick Base for park riding
- > Stiff Flex for good pop

TECH DETAILS

- > Hard Flex
- > Step Double Concave Slick Base
- > Biax Fibre Construction
- > North Boot recommended

If your passion is pure Wakestyle and Park Riding, then the Gambler is for you. From slicks to sliders, kickers and lagoons, if the kite's low you'll be riding like the Pros. Combined with the North Boot, the Gambler is a powerful performer adapting outstandingly to the variety of demands when riding without fins; after all, we want you to be able to hit the kicker for a Backside 180 then load and pop straight into a Low Mobe. Tough, strong and packing punch, if you're looking to ride hard then get ready to be pushed.

JAIME

FREESTYLE

As one of North Kiteboarding's longest standing Freestyle boards, the Jaime is great for hooked and unhooked riding with NTT straps.

ART.NR

> 44700-3420

PERFORMANCE FEATURES

- > Carbon Beam for great response and reduced weight
- > Wide tips ensure good pop
- > Medium Flex pattern for comfort and outstanding Freestyle characteristics
- > Quattro V Bottom delivers an engaging grip specifically when riding straps

TECH DETAILS

- > Medium Flex
- > Quattro V Bottom
- > Premium Construction
- > NTT recommended

When the best of Freestyle and Freeride are combined, you get the Jaime. As one of North Kiteboarding's longest standing Freestyle boards with a legendary status, the Jaime is great for both hooked-in and unhooked riding with the NTT straps. Its Quattro V Bottom delivers an engaging grip, whilst the medium Flex pattern ensures comfort and outstanding Freestyle characteristics. Fast and with great pop, Freestyle riders looking for an explosive, yet forgiving ride will relish in the Jaime's all-round attributes.

Completely new to the range is the Jaime Textreme. A high-end Freestyle board in the luxury Textreme construction that perfectly fills the gap between the Select and the Team Series. A board for advanced riders looking for a pure freestyle Twintip, especially developed for riding in straps. Geared toward hooked-in and unhooked riding, it's a favourite amongst North Kiteboarding's Product Managers. Due to its very light Textreme construction any manoeuvres are easy to perform. A refined and sporty experience with enhanced Freestyle and Freeride characteristics - it's time you get the most of this premium product with an extravagant twist.

SOLEIL FREERIDE / ENTRY FREESTYLE

A female specific all-rounder for the driven Freerider on the way to their first Freestyle manoeuvres. Best combined with the NTT footstraps.

ART.NR

> 44700-3429

PERFORMANCE FEATURES

- > Narrower shape specially designed for women
- > Carbon Beam for increased reactivity and reduced weight
- > A soft trim overall guarantees a comfortable ride in all conditions
- > Step Mono Concave for a lots of grip and excellent control

TECH DETAILS

- > Soft Flex
- > Step Mono Concave
- > Premium Construction
- > NTT recommended

The Soleil is a female specific all rounder. Best suited to the driven Freerider on the way to their first Freestyle manoeuvres, looking for an active but comfortable ride in any conditions. The narrow outline and a softer flex pattern deliver a smooth ride for the lighter rider. This year even offered in Premium Construction with Carbon Beams for a progressive flex and a dynamic pop: Although the concept of the Soleil is for Freeriding, this pocket rocket has great pop! Taking progression in its stride, the Soleil is this summers accessory for all the ambitious female kiteboarders out there.

Sizes	Weight	Finset
128/37	<60KG	S-BEND FS 4.5 PC
132/38	55-70KG	S-BEND FS 4.5 PC
136/39	65-85KG	S-BEND FS 4.5 PC

Speeding ahead in Freeride performance is the Select. Its featherlight weight is courtesy of the premium Textreme Carbon Construction, which lays the foundation for the rest of its outstanding characteristics. Underfoot, its magic carpet feel is responsive, energetic and engaging due to the Medium Flex, especially when teamed with the cushy NTT footpads. Early planing and epic grip also allow the Select to adapt to the needs of those with a certain passion for Freestyle. What are you waiting for? The Select is premium kiteboarding at its best!

ENTITY 2017

Taking into consideration that every foot is different, the Entity is an economically shaped and highly versatile footpad. The pack of three Heel Cushions allow you to switch up between the varying densities of soft, medium or hard, to suit your individual needs. The revolutionary Split function ensures maximum grip and flawless mobility, whilst the soft neoprene covers the whole strap providing optimum grip and comfort. The width adjustment system ensures a tight wrapping around the foot which is quick and easy to use with a great fit, even when wearing booties.

ENTITY FEATURES

- > Contact Frame
- > Contact Pad
- > Heel Cushions
- > Split Straps
- > Bombproof grip and control
- > Optimum Mobility
- > Optimised Velcro for better closing and durability

VARIO COMBO 2017

An essential part of our collection, the Vario Combo footpads and straps are compatible with all North Kiteboarding boards, from every generation. Structured, comfortable and durable, the ergonomically shaped pads deliver a satisfying ride and cushy feel. Its proven anti-slip features guarantee a firm grip for optimum communication between you and the board. The strap insertions and track system ensure that the strap's width and pad's stance can be easily mounted on the board, and adjusted when needed. The advanced Velcro closure offers compatibility across a broad range of sizes, and is quick and easy to use.

VARIO COMBO FEATURES

- > Ergonomically designed footpad
- > Simple to mount
- > Stepless width adjustment of the strap when mounted on The Track boards
- > Stepless stance adjustment (pad distance) when mounted on The Track boards
- > Anti-slip structure
